CHECKLIST OF THE BIRDS OF SELVA VERDE

Selva Verde began with one woman's dream of preserving nearly 500 acres of endangered tropical forest and the multitude of species that call it home. Through Giovanna Holbrook's unwavering devotion, Selva Verde is now a premier ecotourism destination, protecting the most accessible rainforest in Costa Rica, and attracting nature enthusiasts from around the globe. Selva Verde's bird list includes 365 species in 56 families. We hope this list will enhance your birding experience at Selva Verde.

LISTA DE AVES DE SELVA VERDE

Selva Verde inició con el sueño de una mujer de conservar casi 500 acres del amenazado bosque tropical y la multitud de especies que lo llaman hogar. A través de su persistencia, Selva Verde es actualmente un destino turístico de excelencia que protege el bosque lluvioso más accesible de Costa Rica, el cual atrae amantes de la naturaleza de todo el planeta. Gracias a los esfuerzos de conservación la lista de aves de Selva Verde incluye registros de 365 especies distribuidas en 56 familias. Deseamos que esta lista le ayude a organizar y sintetizar todas sus observaciones así como aumentar su experiencia personal de observación de aves en Selva Verde.
